

AMENDED IN ASSEMBLY APRIL 9, 2003

CALIFORNIA LEGISLATURE—2003–04 REGULAR SESSION

ASSEMBLY BILL

No. 1340

Introduced by Assembly Member Kehoe
(Principal coauthor: Senator Alpert)

February 21, 2003

~~An act to amend Section 27200 of the Vehicle Code, relating to vehicles.~~ *An act to add Section 25355 to the Public Resources Code, relating to energy.*

LEGISLATIVE COUNSEL'S DIGEST

AB 1340, as amended, Kehoe. ~~Vehicles: noise limits~~ *Petroleum: information reports.*

Existing law establishes the State Energy Resources Conservation and Development Commission in the Resources Agency, and specifies the powers and duties of the commission with respect to energy resources in the state. Existing law requires major oil producers, refiners, major marketers, major oil transporters, and major oil storers to supply to the commission each month certain designated information regarding petroleum supplies, as specified.

This bill would require an oil refiner, oil producer, gasoline transporter, gasoline marketer, and storage facility operator to submit a report to the energy commission each week providing information, as required by the energy commission, on the inventory level at a refinery, amount of gasoline imported and exported, and amount of crude oil imported.

~~(1) Existing law prohibits a person from selling or offering for sale a new motor vehicle, except an off-highway motor vehicle, that violates specified noise restrictions.~~

~~This bill would include used motor vehicles within this prohibition. Because a violation of this prohibition would be a crime, the bill would impose a state-mandated local program by expanding the definition of a crime.~~

~~(2) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.~~

~~This bill would provide that no reimbursement is required by this act for a specified reason.~~

Vote: majority. Appropriation: no. Fiscal committee: yes. State-mandated local program: yes *no*.

The people of the State of California do enact as follows:
